TEST EVERY VEHICLE

⚡ POWER UP YOUR SAVINGS ⚡

TEST EVERY VEHICLE

WHY TESTING EVERY VEHICLE IS BENEFICIAL TO YOUR BUSINESS

DID YOU KNOW

Each year, **\$60 billion** in needed repairs are not performed. Customers are keeping their cars longer and preventive care, like testing, can uncover key repairs that increase your business and help keep your customers safe on the road.

Manufacturers are adding more electronics, creating more demand on the batteries and charging system, which are critical for the vehicle to start.

Incorrect battery installation can lead to vehicle damage - an OE AGM battery can only be replaced with another AGM battery.

Testing the vehicle and providing the results allows customers to deal with issues before they become an inconvenient, expensive, or potentially dangerous situation.

NAPA recommends offering a quick 3-minute electrical system test to every vehicle in your shop. If you're not performing testing checks, you're missing out.

VEHICLES ON THE ROAD TODAY

The average age of U.S. vehicles on the road rose to 12.7 years in 2024 and is expected to hit 13 years by 2026

8% will replace an *alternator* or *starter* this year

25% will replace a *battery* this year

87% of people replace a *battery* when shop test shows weak power

BUY 5 LEGEND AGM OR AAA AGM BATTERIES ON A SINGLE INVOICE AND GET A NAPA WALL CLOCK

Heavy Duty AGM 9836 & 9837 are included

Must be an AutoCare or NAPA Installer Rewards member

No submissions necessary. Clocks will be distributed within 4-6 weeks to your local NAPA store.

THE CLASSIC WD-40® PRODUCT

\$12.49

Part# WD 490194

WD-40® EZ-REACH.

Everything you need in a good lubricant: Strong, fast, durable, targeted and safe. WD-40 Multi-Use with EZ-REACH Flexible Straw.

With over 2,000 different uses, WD-40 Multi-Use Product is ideal for any shop or garage.

WD-40®, Brand products (WD-40 Specialist®, WD-40®, Multi-Use Product) do not contain ingredients at levels requiring California Prop 65 warnings, including benzene or toluene.

THIS IS **NOT** THE CLASSIC WD-40® PRODUCT

MEET OUR
PENETRANT.

PENETRATES
50% FASTER
THAN THE
COMPETITION.*

\$11.99

Part# WD 30048

**WD-40 SPECIALIST® PENETRANT
WITH EZ-REACH.**

Low odor formula penetrates deep into crevices, threads and seams to break the bonds that hold stuck parts together. Ideal for rusted or seized nuts, bolts, threads, locks, and chains.

Fast-acting formula works on contact and leaves behind a protective layer that prevents rust and corrosion from re-forming.

* Test Lab: WD-40 Co. Technical Center (Pine Brook, NJ). Penetration speed measured using nail climb (time to reach 1.5cm).
Test dates: 03/2023, 03/2024.

WHAT DOES AUTEL OFFER FOR EVs?

Keep your shop relevant and ready with Autel EV diagnostic equipment. Learning how to care for your customers' new EV or Hybrid isn't as hard as you think. With the familiar and easy-to-use MaxiSYS software, the Autel EV Diagnostics Upgrade Kit and Ultra EV / MS909EV tablets help you and your technicians quickly adopt EV- and Hybrid-specific services. There are many ways you can provide diagnostic and service care to EVs and Hybrid vehicles today:

- Exclusive off-vehicle HV battery testing and HV A/C compressor testing capabilities to ensure the part is good before assembly
- Complete BMS diagnostics for EV/Hybrid vehicles
- Allows in depth A/C compressor diagnostics for electric drive vehicles
- Test EV battery packs for a variety of manufacturers including Tesla
- Diagnose battery State of Charge and State of Health
- Recalibrates the battery SoH to extend battery life
- Comprehensive safety information

NAPA P/N: ADTMSULTRA EV

MAXISYS ULTRA EV TABLET

- 12.9" Touchscreen
- 256GB Memory
- 18,000 mAh Battery

NAPA P/N: ADTMS909EV

MAXISYS MS909EV TABLET

- 12.9" Touchscreen
- 128GB Memory
- 15,000 mAh Battery

NAPA P/N: EVDIAGKIT

MAXISYS EV DIAGNOSTICS UPGRADE KIT

- Expand your tablet's diagnostic coverage to EVs and Hybrids
- Includes EVDiag Box, breakout leads and BMW, Tesla, VW adapters
- Includes EV battery pack diagnostic software upgrade
- Compatible with MaxiSYS Ultra, UltraADAS, MS919 and MS909 tablets
- Diagnose battery State of Charge and State of Health

NAPA IS RACING TO EDUCATE

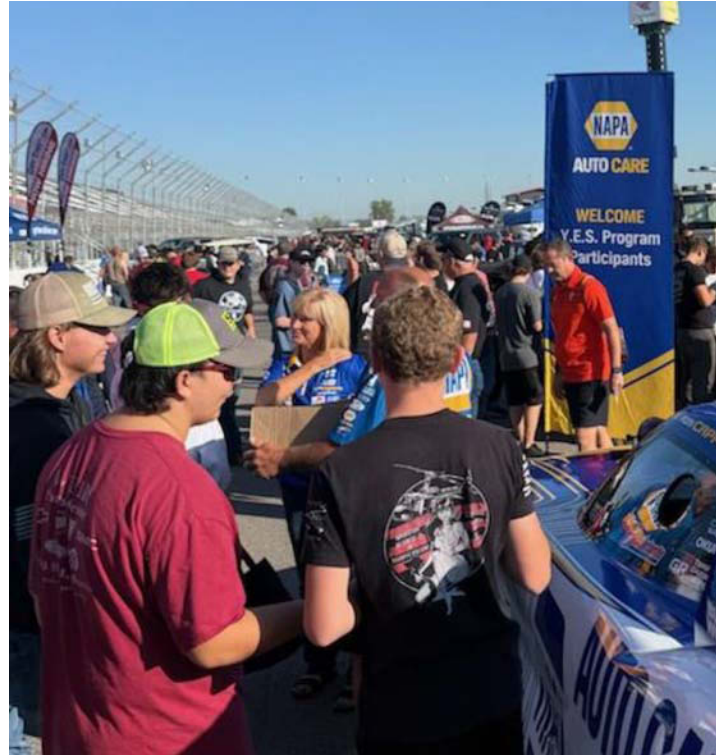

Y.E.S. PROGRAM

NHRA YOUTH AND EDUCATION SERVICES®

The automotive industry is in dire need of more technicians. According to the TechForce Foundation, we need over 750,000 new technicians to join the workforce before 2028 to meet the workforce demand.

The NHRA Y.E.S. Program is the only full-time education program in motorsports providing quality educational content and activities for schools and youth organizations nationwide. The Y.E.S. Program invites students to NHRA national events to see first-hand the career opportunities within the motorsports field, bringing thousands of students to the track each year.

NAPA is one of the NHRA's key partners on the Y.E.S. Program, which allows young people to learn about and explore various career opportunities across the educational spectrum including the trades. The program shows students how S.T.E.M. (Science, Technology, Engineering, and Math) is applied to both real world situations and NHRA Drag Racing at live at-track events. At the events, students learn the automotive business isn't a just "get your hands dirty" type of industry anymore but is more technical and focused on problem solving. In addition, they'll discover that a career path in the automotive industry may not only result in a job as a technician, but also as a service advisor, shop owner, and various other business-related positions.

2026 YES Program schedule:

All YES Program events will take place on Friday mornings except for October 29 which takes place on Thursday morning.

September 4	NHRA U.S. Nationals	Indianapolis, IN
September 18	NHRA Great Lakes Nationals	Martin, MI
September 25	NHRA Nationals at The Rock	Rockingham, NC
October 2	NAPA Auto Parts NHRA Midwest Nationals	Madison, IL
October 16	Texas NHRA Fall Nationals	Dallas, TX
October 29	NHRA Nevada Nationals	Las Vegas, NV (Thursday)
November 13	In-N-Out Burger NHRA Finals	Pomona, CA

For more information visit <https://www.nhra.com/promo/yes>

NEW MUST-SEE SOLUTIONS™

Our latest innovations that service professionals need to know about.

AUTOMATIC TRANSMISSION CONTROL SOLENOID

This automatic transmission control solenoid is designed to match the fit and function of the original solenoid on specified vehicles, and is engineered for durability and reliable performance.

NOE 609-052

Dodge Durango 2013-11, Jeep Grand Cherokee 2013-11, Ram 1500 2020, 2018-11, 1500 Classic 2019, 2500 2018-11, 3500 2018-11, Dakota 2011

DIESEL EXHAUST FLUID (DEF) PUMP

Replacing the original equipment diesel exhaust fluid (DEF) pump on certain Ram 2500 and 3500 pickup trucks equipped with L6 408 6.7L diesel engines is an expensive proposition. When the factory pump leaks, fails to circulate DEF and causes a check engine light, installing a high quality unit in its place is critical to the proper operation of the truck's selective catalytic reduction (SCR) system. A fully functioning pump is also a necessity to meet emissions standards. This DEF pump is designed to match the performance of the costly original unit and is engineered, manufactured and tested to strict standards for reliable performance and long service life. Many aftermarket DEF pumps look alike, but may include low quality components that can affect reliability and service life. This pump features Tier 1 supplier critical components and factory-spec seals to help ensure optimal performance and durability under the toughest conditions.

NOE 904-383

Ram 2500, 3500, 4500, 5500 2018-13

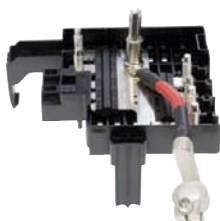

BATTERY CIRCUIT FUSES

These battery fuses are designed to match the function of the original fuses in specified applications. Made of quality materials, they are engineered for reliable performance and durability.
